Fire Chief Shane Bagwell

Deputy Chief Matthew Hughes

Assistant Chief Marty Dixon

LETTER FROM THE CHIEF

On behalf of the dedicated team at the Taylors Fire Department, welcome to our official website.

As your Fire Chief, I am privileged to lead an organization built on a deep commitment to our citizens. Our culture and daily operations are anchored by a single driving mission: to **S.E.R.V.E.** This acronym defines who we are, how we treat each other, and how we protect you:

- **Servant Leadership:** True leadership starts at the top. We focus on the "we," not the "me," ensuring our crew is supported so they can best serve our community.
- **Extreme Ownership:** We accept total responsibility for our actions and outcomes. There is no room for blame; every challenge is an opportunity to improve.
- **Represent:** We represent Taylors with integrity, keeping our promises to the community. We view every citizen through a lens of empathy, recognizing that everyone has a unique story. At the end of the day, our name and the department's name is stamped on every thought, word, and action.
- **Value:** People are the core of everything we do. We build strong relationships and actively invest in our residents and our team members alike.
- **Expect:** Complacency kills, so we treat every day as a training day. We maintain an aggressive mindset, expecting fire and anticipating victims so we are always ready to make a difference when you call.

This website serves as a resource to keep you informed, safe, and connected with our team. Thank you for your continued trust, partnership, and support.

Shane Bagwell

Fire Chief
Taylors Fire Department
